

# PRODUCTS BY ROMOLD

DN1000 Manhole  
Chamber System  
Pipe Diameter  
DN150 – DN375  
Installation depth up to 6m  
PE pipe solution  
available upon request

DN625 Maintenance  
Chamber System  
Pipe Diameter  
DN150 – DN300  
Installation depth up to 3m

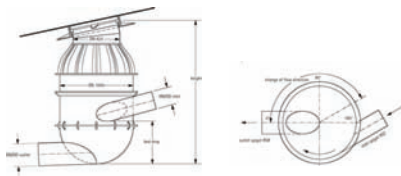

Road Gullies Standard Pipe  
Diameter DN150  
Pipe Exit:  
Straight, +/- 45°, +/- 90°

Road Gullies with Sludge  
Trap, Road Gullies  
Longitudinal  
Pipe Diameter  
DN150 – DN300

Electrical Chambers:  
ROM-BOX modular cable  
distribution chamber  
Monolithic water tight  
cable chambers DN625 –  
DN1000

Energy Compensation Chambers  
Designed to suit the application

Active Carbon Filters  
Reduces odours from wastewater manholes
